## Coupon Notice

**First Bank Kansas will no longer be mailing coupon books with our annual escrow analysis.**

The wide variety of payment options available today provides multiple ways in which your monthly payment can be made without the use of a coupon. Below are some of the different options available to make your payment to First Bank Kansas:

- **Automatic Payments – Out of sight, out of mind!**
  - Automatically drafted from a First Bank Kansas account or an account at another bank
  - Transfer date can be weekly, semi-monthly, bi-weekly, or monthly. Transfer amount will automatically update if the payment amount changes.
- **Internet Banking – You’re in control!**
  - Use a First Bank Kansas account or an account at another bank
  - Set up a recurring transfer or schedule for when it is convenient for you
- **Cash or Check – Old standbys!**
  - Stop by any location with your cash or check
  - Send a check in the mail with your loan number in the memo line
  - We can create a virtual coupon, so a paper coupon is not necessary

We understand that sometimes the coupons are a tool used to track the monthly payments towards the loan so we’ve created a payment tracking sheet that can be used instead. We’ve created a special section on our homepage at [www.firstbankkansas.com](http://www.firstbankkansas.com) called “Loan Payment Options” where you can get your copy of the tracking sheet or learn more about any of our payment options.

If you still require a coupon book because one of these options will not work for you, please notify us by one of the methods listed below so that we can have one ordered. Please provide your name and the loan number with your request.
